The annual 12 Jewelry Trends for 2015 aims to serve as a guideline for store purchases in the new year, highlighting pieces and materials trending now, based on the clothing, color, red carpet, and real-life influences at work in the market. Stacking rings are the fourth trend on the list. Here are five new options for retailers to consider stocking.

Stacking rings. Fashion's relaxed silhouettes call for casual accessories, including layered looks on the hand. These can have cabochon cuts of gemstones, pavé, tiny motifs, or simple metal-intense designs. Build a bigger look with lots of small, slim styles.
